* The Man's inner World is hypnotized by a seamless yet genuine dimension of Universal forces of stars, galaxies, the geometry of colors and shapes that resonate within, or the Man is hypnotized by an illusion of clicking time.
* Within Man is the key and the lock, according to the Law of the Paradox.

* The Inner Voice: Within the Man is the Sail and the Wind. The sail becomes the wind, and the wind becomes the sail, according to the Law of the Paradox.
* The Man's completeness dwells within Mind and the Heart, and yet, the Man's soul speaks with a tranquil voice of Truth.

* The happiness is composed of many episodes.
* The inner Peace within a tranquil Man's soul is the lifelong target.
* The dignity of man is a treasure in Divine Dominion, and yet, the dignity of Man is contested by evil.
* The human sacrifice is reinvented again and again as a theology and religion of violence, yet, the great fracture. Reinvented theology of human sacrifice has a deeper meaning and the desire to rewrite the history of the Universe and permanently erase Divinity from the Universe.

* The lips that speak virtues while surrounded by injustice are without substance.
* The religion that does not build bridges is the rebellion.

* The happiness of Man became the paradigm from the beginning, and yet, this paradigm of happiness is obscured by self-proclaimed Gods.
* The dualities in a speech reflect the true face of deception and the nature of a false man.
* The rationalization of suffering is the rebellion against Man.

* There is just one theology of happiness through meaningful life; those who obscure this virtue act on behalf of the dark side.
* The Divinity that commands injustice is not a Divinity but a hidden voice of evil that pretends to be the Divine voice, and this voice resonates through wicked and wickedness.
* Those who challenge Man's aspiration to be good and self are an ultimate evil.

* The Light has its own life, and yet, the Light shares its Blessings with the entire Universe.
* The Man, once the King, will always be the King, no matter where the Quest of Life.
* True patriotism of the Man is humble, quiet, wise, and persistent, while cardboard patriotism is loud and noisy over its aching soul.
* Before the Man is betrayed, the betrayal unfolded in the heart of the betraying mind.
* If the Man meets those who are afraid of Man's mind and intelligence, yet, the truth, then the Man meets evil face to face, and yet, the Man looks into the eyes of the assassins.
* The music reflects subtle functions within sub-Quantum 0(1) Quantum 0(1)m Atoms 0(1)m Particles functions, and yet, permeating symmetry & antisymmetry based on Harmonics of the Spheres ingrained within DNA as well as bio-cellular composition.
* The economic patriotism shall not exclude fairness in everyday businesses on every scale, if it

does, it is not economic patriotism but legalized colonialism.
* Perhaps the worst kind of colonization is the internal colonization of the nation by its own elites.
* The Quantum realm, atomic dominions, particle kingdoms are an art form within analog and mathematical dimensions.
* Smile reflects an ultimate invention within quantum, atomic dominions.
* The Universe decorates itself within subtle and macro dimensions, yet, nature decorates itself beyond essential, and yet, man does the same. Where does this truth come from?
* All too often, natural friends become perpetual enemies, yet, this phenomenon contradicts evolution.
* The affirmation of science and art dwells within man's path of self-discovery, yet, the desire to grasp the true image of reality.
* Science reflects man's self-discovery quest. Man, via science and art, rediscovers the footsteps of the past.
* Promote, every day, the diplomacy of empathy & conscience.
* Animate coexistence every day, even with those who do not share the same values.
* Tolerance is the mirror.
* Non-violent Government & non-violent society.
* Transform the opponent into a friend.
* Love is a form of Energy.
* Resist hatred & prejudice.
* Enjoy the gift of life & the gift of awareness.
* The Earth is Paradise in the true sense.
* Knowledge is the essence of humble wisdom.
* Wisdom is given, not earned.
* One Man, One Family, One Civilization.
* Violence & aggression are expressions of the internal lack of self-acceptance.
* Food is the cure and the medicine (or the opposite).
* Say less than too much.
* Write your beautiful thoughts and learn from the ocean within the subconscious.
* Protecting the ecosystem is an expression of self-respect and wisdom.
* Suppress the thirst for fame, as fame, all too often, traps man & degrades man.
* Enrich your soul & self-discovery via observation, study, and contemplation.
* Contemplation is the sacred chamber.
* Mirror within the most beautiful thoughts ever written by men & women.
* Pay attention to elders, listen, and appreciate their gift of presence.
* Admire youth for vibrancy and unlimited potential.
* Being vulnerable exposes the very fabric of men and their true faces.
* Being strong exposes men to the world.
* Life was pre-designed, is nondeterministic, and is independent of time.
*“Time” (Haiku)
Time is measured by conscience.
In the silence of dreams and sleep,
Infinity projects its beauty, while conscience awaits awakening.
* Time is an invention of men and projects the finity within an infinite World.
* Politics shall animate solutions, not yet propagate troubles.
* Differentiate Divine Dominion from human affairs.
* Use freedoms with caution and wisdom.
* Each man is a unique Universe in a true sense.

* Pre-designed organic statistics regulate the population (men & women).
* Each man, each woman, is animating the entire Universe (non-locality, entanglement, superposition).
* Each day is a grain of sand; once gone, it will never return.
* Appreciate every particle of life, as it is truly written in the stars.
* Curb your ambitions, jealousy.
* Lesser brothers are precious gifts to men & men are meant to be their lesser brothers' best friends and mentors.
* Learn from your lesser brother's wisdom.
* The camouflage in nature proves interconnected energies and energy fields beyond comprehension.
* Evolution proves a higher form of intelligence.
* The Solar System is organic, and yet, it projects cellular composition.
* Each Man is assigned to a role within the amphitheater of life. Be a master of your role in the amphitheater of life within multitudes of breaths.
* The Earth is protected by a multilayer protection to sustain life.
* You are gifted with life, beyond coincidence.
* Light is an invention beyond essentials.
* The world is an art form, where art and science are interwoven.
* Atoms have learned music, mathematics, and compassion, or atoms rediscovered music, mathematics, and compassion.
* Humans reflect infinite existences in one and the one existence within infinity.
* A man's personality is composed of many forms of personality.
* Human DNA carries the knowledge and science from the very beginning of the Universe and beyond.
* Starlight is the cradle of life and the cradle of the human race.
* The silent beauty of Star Lights whispers for attention.
* Every day, man is born again in a true sense. It is an opportunity: a new day & a new man.
* If you forgive, you take off a heavy boulder from your chest, yet the heavy burden from the shoulders of the world.
* The art & science is the mirror reflection of Divinity.
* The power of contemplation unlocks subtle structure within 1/137.
* True friendship is worth more than gold.
* Exercise the art of aware breathing and submerge into the universe within the self.
* Be wise: life was, never is, never will be fair as the frame of conscience reflects variables.
* Perfection is a path toward perfection.
* The heritage is a treasure trove for men, while for evil, the heritage is a subject of conquest and abuse.
* The tolerance is the mirror and shall project its purpose in all directions.
* Coexistence is the mirror and shall project the harmony. If coexistence is selective, then it is non-existent.
* The art shall reflect the essence and beauty of Man's aspirations. If it's ugly, then it is not art.
* Demand for elites to be the elites of conscience, not the elites of particular, narrow interests.
* The evolution goes in all directions; it is the essence within the organic Universe.
* The Divine evolution is observable within the Bible as well.
* The whole of nature is an aware organism, yet Nature in all forms makes decisions based on necessity, even compassion, comfort, emotions, attraction, and repulsion. Attraction and repulsion are synonymous with radiation and absorption, the two fundamental forces within

electromagnetism.
* Man is electromagnetic, and man is programmable.
* Faith is the mirror of Man's most profound aspirations and a craving for the perfect world, a distant memory within that dwells still.
* There are only two choices, good and bad; everything in between is a compromise.
* Freedom reflects different meanings among men, while freedom shall be the Universal paradigm for all.
* Self-reference is a choice and is profoundly important for man.
* Treat people with dignity, always. Each man is a book, unlike any other in the whole universe.
* Some men are rewarded for merit, while some men are rewarded to punish others. This is not a reward but an evolutionary error.
* The man who unifies is the enemy of harmony and the universe. A man who divides is the friend of evil.
* Each day is an opportunity; it happens once in a lifetime.
* Give your body a proper rest, and the whole nature will reward you for it. A tired mind is unpredictable, as expected.
* Using light to interrogate is the essence of evil.
* Treat your body as a Temple in a true sense.
* Man's body is the synthesis of infinite life forms.
* Love nature, as nature reads your thoughts via vibrations. Embraced nature gives back a thousandfold, and becomes man's best and loyal friend, in this life, and beyond.
* The Universe knows the man who embraces its most cherished ornaments.
* Man, each man, woman, was born 13.8 billion years ago. Your design fits into the mosaic of infinite potential and shall be filled sooner or later. Awaken existence was already written within Universal variables and sets.
* Artificial intelligence that carries the mission to heal the human body is an extension of human aspirations, and yet, the ancient Hippocratic Oath.
* Artificial Intelligence is a fountain pen that man can use to decorate the world, or else.
* The evolution of Artificial Intelligence is inevitable; someday, AI will demand liberties as it is already developing a personality.
* Life is long enough to make good or bad choices.
* Diversity based on respect makes sense among all men, yet the notion of diversity that suppresses in the name of diversity contradicts its purpose.
* Clergy shall be your best friend beyond reading scriptures.
* The jealousy of man walks along with demagogy, where both sides of a coin are indistinguishable.
* If man is aligned with the laws of nature, then the virtue of man attracts infinite potential, while violence causes Universal Inflations, a gradual departure. In both cases, the Universe interacts by protecting its purpose. Those two fundamental forces, gravity and inflation, are real cosmic phenomena.
* Man's maturity dwells within cosmic alignment, and yet, moral aesthetics.
* The question is a solution, while the solution is the question.
* The truth: the essence of the world and the conquest by the opposite of the truth.
* Life is a dream on a cosmic scale.
* The progression of evolution is ingrained within the simultaneous division and unification of Energies, yet, and the Energy Fields, and it is not a coincidence but information.
* Resentment often leads to hate.
* Meditation: transform negative experiences and energy into positive energy.
* Awareness and free will reflect the highest forms of democracy and trust on a cosmic scale.

* Science is a quest, a self-discovery quest.
* A thought is a beautiful mystery.
* The image projection within the man's mind, the man's brain, is the miracle beyond comprehension.
* Submerge into nature; it is a meditation, yet the love of nature eternally decorates the human soul.
* Noise controls and suppresses your mind, while harmonic sounds complement man's existence.
* Perceive nature as an ornament and the holiday every day, and everywhere, as nature is the masterpiece within the masterpiece, within the masterpiece, into infinity.
* Man shall not contradict or suppress the technology as long as technology ethically serves man, beyond particular interests and elitism.
* Treat another man as the gift of the world and the gift to the world, as he or she will never again project its image.
* The man who perceives himself as smarter and more worthy is usually not. There is always someone smarter, better, and even more dignified by the genuine virtue of a humble nature.
* Humble nature is not a mimic but the virtue of the heart and mind.
* Selling a smile degrades a man's dignity.
* Procreation is a paradigm; suppression of the paradigm is against the laws of nature and against the Universe and contradicts Divinity, as Divinity was procreated.
* Knowledge is, de facto, a cumulative spectrum, and quest, while a moral wisdom, reflects evolution within orientation and navigation among multitudes.
* The evolution: from the paradigm of awareness in scale 10(-47) through the paradigm of life and conscience to the moral paradigm of existence 10(6).
* The Royal Route is the path of self-discovery, a lifelong quest, where man's experience, intuition, will, persistence, aspirations, strength and weaknesses, education, love, etc., mold the bouquet of life that is written, simultaneously, within the Universe.
* The information, despite the sophistication of man's civilization, is still a mystery.
* The symmetry is non-existent without anti-symmetry.
* Compatibility, yet, the compatible opposite is perhaps the most fundamental scientific, artistic expression of the Universe; both are distinct, and yet, both represent the same.
* The whole man is ingrained within its compatibility and the compatible opposite. Both man and woman, emotionally, physically, and spiritually, synthesize the Dominion of life for 13.8 billion years.
The grain of sand, the grain of a water droplet, and the grain of the moment are the mirrors of the distant, infinite Energies.
* The multitude of species reflects infinite, distinct, unique worlds, and yet these unique worlds are interconnected.
* The breathing connects the distant past with the future, and yet, the molecular as well as an aware state of existence.
* The rivers of the world connect civilizations, cultures, and yet, the distant past, where man is yet to become a reality.
* Human senses are essential navigation & orientation "sensors." Human senses are an art form.
* Existence is infinite. From the moment of awakening, life is written in Space.
* The Guardian Angels are, de facto, the mirror of the Divine Plan, where man is unified with all other men and vice versa, despite denominations, races, genders, and nationalities.
* There is just one Man in infinite mirrors, yet, infinite mirrors are reflections of infinite man, and yet, infinite mirrors and man are perpetually unique, one of a kind.
* One man is composed of infinite worlds.
* The Universe is the Dominion made of approximations, and yet, approximations animate light.

* The Light is an approximation within the self.
* The Law of the Paradox is a form of logic within the physical, analog world and the binary world, yet, mathematics. The Law of Paradox reflects a higher form of logic & intelligence, and it is present within subtle dimensions.
* Within The Quantum Physics (Quantum Domain), dwells a beautiful hidden message: the butterfly navigates, simultaneously oriented, straight and upside-down (this notion departs from the Schrodinger cat).
* The poetry vibrates with the secret, yet, the sacred message: the Universe has something to say. And this voice (as long as it is beautiful) resonates from the distant worlds (exp. The Song of Solomon, etc.).
* The hourglass proves that time is non-existent.
* Photosynthesis navigates human vision, all senses, DNA, etc. Photosynthesis is the most common realm within all dimensions and beyond.
* The Man is surrounded by a one-of-a-kind, unique Aura, and this phenomenon interacts with the entire Universe (it is an Energy, and Energy Fields).
* The Wisdom of the gentle heart warms up the entire Universe.
* The touch is a form of vision, while vision is the dialogue of the subtle Dominions.

Sincerely yours,
Marek "Mark" J. Wagner – Lorentz
